FAQ for cybersecurity service provider's registration

1. Why registration is important and what are the benefits of registering with NCA?

- Regulate the cybersecurity sector in the Kingdom to contribute in:
- Creating a suitable ecosystem to attract and stimulate local and international investments
- Enhancing the level of provided services
- Supporting small & medium enterprises
- Encouraging innovation in cybersecurity

2. What are the registration steps?

1. Applicant fills the Registration Request form on <https://cssp.nca.gov.sa>
2. NCA reviews the request and notifies the applicant with the status of registration and any additional information needed to complete the registration.
3. After the applicant provides NCA with the additional information, NCA reviews the request and notifies the applicant of the outcome.

3. Is there any registration fee?

No. Registration is free. There are no fees for registration.

4. Is registration mandatory?

Starting from August 1st, 2022 the registration will be a regulatory requirement to provide cybersecurity services to national organizations in the kingdom.

5. Do cybersecurity professionals (individuals) need to register as well?

This registration is specifically for organizations (entities and companies) providing cybersecurity services in the kingdom

6. Is this registration for cybersecurity service providers from the private sector only? Does it include service providers from government sector and non-profit organizations (NPOs)?

This registration is for all cybersecurity service providers from private, other sectors, and non-profit organizations (NPOs).

7. When should the registered service provider update its registered information?

The registered service provider must update its information when any major changes are made in the organization or on its services.

8. How to communicate with NCA regarding the registration?

For any inquiries or comments regarding the cybersecurity service providers registration, please contact NCA on Cssp@nca.gov.sa.

9. Is submitting the registration request considered an official and completed registration?

No, NCA will review the request and then a one-time use registration link will be sent to provide NCA with the needed information. NCA will share an official confirmation if the application is approved.
